

## Clients

In today's fast paced changing business environment companies may often find themselves in need of qualified people for special projects, changes in personnel, absenteeism, or newly created positions within the company.

At Wegener Human Resource Group, we meet these demands by providing staffing solutions for today's and tomorrow's business. By providing a variety of staffing services to business, we give companies the flexibility they need when it comes to staffing issues. With services such as temporary staffing, temporary to full-time, direct hire, and payrolling, a company can meet staffing changes head on.

Our focus is on the professional and automated office areas. General Clerical, Data Entry, Word-processing, Accounting, and Executive level management.

As a business, we know you must have people who know how to use today's office software. With our automated testing and training on today's most popular productivity software, you are assured that you are getting people with the experience you need. This, in addition to our extensive interview process and reference checking, provides a total solution for placing qualified personnel.

At The Wegener Group we use state-of-the-art technology to recruit, track, and place individuals. With this computerized system, even the application process is automated. Sophisticated scanning technology provides us with the ability to extract vital information from a resume and auto-populate our database within minutes, and with our automated search we are able to pinpoint possible candidates for employment faster so our response time to you is shortened.

This technology, combined with a staff of professionals, is what makes The Wegener Group a serious business partner in providing staffing solutions. So, if your business is in need of a firm who will truly work with you on your staffing needs, then give us a call today!
